

**MANAGEMENT SYSTEM POLICY OF TRANSPORTES INTERMODALES 2002, S. L.**

TRANSPORTES INTERMODALES 2002, S. L., since 1992 has specialised in Special and Exceptional Transportation, combining the experience and professionalism of different Special Transportation companies, which since 2002 have been grouped under the commercial name of TRANSMODAL.

TRANSPORTES INTERMODALES 2002, S. L. in 2011 decided to implement a Quality Management System based on the ISO 9001, recently extended with the application of ISO 45001, in order to satisfy the needs and expectations of our customers and compliance with applicable legislation and regulation and a safe and healthy environment for its employees (Workers/staff)

Our activity involves high levels of safety, coordination and specialisation, which are reflected in the following aspects:

- Offering solutions to our clients in the transport of bulky and heavy goods, with a comprehensive and effective service.
- Incorporating continuous improvement in the management of our processes and in the efficient service.
- To provide personalised services to all our clients.
- To Know the perception of our customers and satisfy their needs.
- To have a motivated and professional staff that actively participates in the generation of improvement actions.
- To carry out their work in a safe and healthy environment that prevents injuries and the deterioration of their staff's health.
- To facilitate the consultation and participation of workers.
- Eliminate dangers and reduce any risks associated with occupational health and Safety.

We have planned objectives with regular monitoring aligned with this Policy, so that their achievement facilitates the continuous improvement and evolution of the system.

This Policy is reviewed periodically and is communicated to all interested parties through its publication in our company's website.

Our commitment to quality, occupational health and safety prevention and continuous improvement is evidenced by the signature of the Management.
